নং / No.	রেজল্যুশন / Resolution Adopted
----------	--------------------------------

RESOLUTION TAKEN

In the Departmental Committee meeting (Meeting No. ZOO/DC/3 Dated : 18-02-2016) Chaired by Prof. Ranjan Chakrabarti, Hon'ble Vice Chancellor, Vidyasagar University, Midnapore.

The letter of Prof. B.C. Patra ,dated : 10-02-2016 addressed to Hon'ble Vice Chancellor Prof. Ranjan Chakrabarti, has been placed in the said meeting held in the office of the Hon'ble Vice Chancellor.

The paragraph written by Prof. B.C. Patra in his letter " I did not take permission from Vidyasagar University to write Aquaculture Research Unit (ARU) in the Department of Zoology" is noted in the meeting and it has been decided that an Aquaculture Research Unit (ARU) will be established in the Department of Zoology.

The financial matter related to Aquaculture Research Unit (ARU) will be monitored by a steering committee headed by

1. The Head of the Department (Zoology) as Chairman .
2. Prof. B.C. Patra as Co-coordinator
3. Prof. S.K. De as Subject expert from the department.
4. Dr. J.K. Sundaray, Principal Scientist and Head Molecular Biology & Biotechnology division, CIFA, Bhubaneswar as external member.

The meeting ended with thanks to the chair

To,
The Vice Chancellor
Vidyasagar University,
West Bengal

Note Sheet: Rf. No: VU/R/1724/2015 dt. 21. 12.15

Respected Sir.

With reference to subject mentioned above (along your notes) I also state those followings explanation.

1. Terms of reference (Aquaculture Research Unit)

To direct on and promote the sustainable utilization of fisheries resources and aquatic biological product, the sustainable development of aquaculture by leading, managing and supporting appropriate natural science and fisheries research.

This means that we Aquaculture Research Unit will do

- ✓ provide scientific and strategic leadership for natural science research focus on fisheries resources and scientific advice to support the sustainable and optimal management of aquatic resources;(Govt. sponsored project also going on in this direction; North East India)
- ✓ make available scientific and strategic leadership for genomic + computational biological research and related advice to support the sustainable and optimal management of aquatic resources as well commercialization and the management of aquaculture practices; (Project already Sanctioned by SEED, DST, Govt. of India)
- ✓ provide scientific and strategic leadership for aquaculture natural science research and scientific counsel to support the management/ mapping/ data analysis/ decision based support system and development of aquaculture; (Working on NRDMS, DST Project, focused on Web Based Aquaculture Technology Solution)
- ✓ Create an enabling setting for research in modern inter disciplinary Science (Focus on Zebra fish Model, collaboration with Medical Institute) ;
- ✓ ensure cooperative governance, enhance service delivery and stakeholder relations through participation; (Regular time interval hosting of Community interaction, training, demonstration program etc.)
- ✓ supervise the managing of the research output (Lab meeting, data uploading, classification, sharing) as well as out of West Bengal & abroad also ;

In connection that, it is important to remember by definition, Zoology is the branch of biology dealing with animals and the animal kingdom. Since it is such a large branch of biology, there are many branches of zoology.

Below is a list of the most common branches of Zoology.

General Branches

Anatomy	The study of the internal structure of animals
Cytology	The study of cell structure, its organelles, and their functions
Ecology	The relationship between the organisms and their

1. It is clear the has no institution sanction and it have the approval of that case. It is very big has no existence and it is controlled personally by Prof. Patra. It turns out to be irregular to apply for funding using the name of a forum which has approval. To regularise it Prof. Patra has to place it before the DC or of Aquaculture resolution along with a Declaration admitting his mistake. The DC of Zoology. The A/V
