Resolutions:

1. ~~During~~ During the visit of Dean, Science in the department, the main problems related to the departmental lab was raised by the department. In continuation with the above meeting, the departmental committee considers the problem of lab especially the new lab, as most urgent and most be looked on top priority. Considering the advice of Dean, Science and after through discussion on the problem, the DC points out that for smooth functioning of the academic purpose within the department, the repairing of the PC boxes and installation of the necessary softwares on the client as well as server must be done urgently. The approximate cost for the said work will be approximately Rs. 20,000.

inviting some visiting fellow to teach some of the courses.

3. The DC decided that faculty members will be applying for collaborative projects and research to different funding agency.

4. Since there is an increase in the intake of M.Sc and MCA, as well as there has been revised syllabus as per current market technology, ~~The~~ the DC resolves that there is a requirement of 60 new generation HiPC enabled high end GPU enabled PC.

5. Proposed list of class allocation for odd semesters 2016.
