

Members present in the meeting of Teacher- Students Committee of department of Applied Mathematics with Oceanology & Computer Programming for facilitating different activities of our department both for academic & administrative held on 16.05.2019 at 3.30 P.M

1. Prof. Dilip Kumar Maiti, H.O.D
2. Prof. Sankar Kumar Roy, Faculty memeber
3. Manisankar Bag, 4th Semester student, Roll- No- 03
4. Arpita Das, 2nd semester student, Roll no- 02

In the said meeting, the following resolutions are taken as per the meeting agenda :

1. Resolution of last meeting is discussed thoroughly and it is observed that some of the students concern are yet to be taken.
2. Feedback on teaching methodology
From Semester-II:
 - a. Regular Class happened and syllabus completed in time.
 - b. MTM203 - I & II syllabus is more with respect to marks. Syllabus should not be reduced, rather marks may be increased.
 - c. Audio system was not work properly.

From Semester-II:

- a. Regular Class happened and syllabus completed in time.
 - b. Concept of Elective may be introduced instead of only Operation Research (OR), and Oceanology and Meteorology (OM).
 - c. Student (OR) visited the Sankarpur Fishery Corporation in different aspect like demand of fishes and ice in different seasons. During the visit, one special officer suggested to design a mathematical model on Hilsa Project and they are ready to share their real life data for verification. Students are satisfied with the facilities related to their tours available there. This tour in Sankarpur Fishery Corporation should be arranged in February each year in respect to climate situation.
 - d. MATLAB and LINGO original version are to be installed in our Computer Lab.
3. *Regarding departmental picnic organized on 23th January 2019 at Gope gargh, Midnapur:*
Getting away from the everyday atmosphere of the classroom, almost all students attended to spend time with each other in a new environment in the educational tour. They enjoyed a lot & admiring the participation of their teachers in that picnic which establishes a strong relationship between them. When students and teachers are together outside the classroom, the interaction open a new educational environments and experiences touched both of us that we bored in our heart for along time.
 4. *Regarding Feedback of Teachers-students friendly cricket match organized on 29th April 2019 in the University Campus :* In an attempt to build rapport amongst students and teachers attended & encouraged the students at the field while they were playing. This event is fun and exciting for everyone and definitely helps build and strengthen the relationship between students and teacher & with the non teaching staff also. A friendly competitive environment is seen which accelerate us in the class.
 5. **Miscellaneous:** No item was raised.
