

## Acknowledgement

The research work entitled “Coastal Urbanization and Population Pressure with Related Vulnerabilities and Environmental Conflicts - A Case Study at Medinipur Littoral Tract, West Bengal” has not been an isolated effort. Many individuals have contributed to the success of my endeavour, which I could not have completed without their loyalty, vision, and friendship. First of all, I am thankful to Vidyasagar University for giving me the opportunity to pursue this research work. I take this occasion to convey my heartfelt gratitude to my research guide Dr. Ashis Kr. Paul, Professor, Department of Geography, Vidyasagar University for his supervision, advice, guidance and encouragement in every stage of my research work. His insightful suggestions have helped me in generating new thoughts and carrying out my research successfully, envisioned the vital framework of this study, supplied the necessary technical equipment for the fieldwork, counselled and encouraged all of my ideas, and spent hours during the editing of my thesis to make it comprehensive and engaging. I am also thankful to them for keeping faith on me and for being supportive during my days of difficulties. Without their all-time guidance and encouragement, this thesis would not be possible.

From the core of my heart, I oblige to my parents Sri Parry Mohan Mondal and Smt. Suchitra Mondal, my baby Master Adrik Mondal, and my wife Smt. Amrita Mukherjee. Their love, warmth, constant support and inspiration have not only oriented me towards my research work but also given me a platform and confidence throughout to overcome all hurdles and to face any challenge. I am running short of words to express my heartiest feelings for them.

I am grateful to Dr. Subrata Jana, Post-Doctoral Fellow, Department of Geography, University of Calcutta for his invaluable contribution in different stages of the fieldworks and GIS mapping for this research, without his help I cannot able to carry out entire research work.

I am also thankful to Dr. Amrit Kamila and Mrs. Debarati Bera of the Department of Remote Sensing and GIS, Dr. Mrinmay Mondal of the Department of Geography, Vidyasagar University for their valuable contributions in the preparation of maps in the research work. I am also pleased to the students of the Department of Geography, Vidyasagar University who helped me a lot during the fieldworks.

I would like to thank the officials of DSDA, Contai Municipality and Haldia Municipality for providing me necessary secondary data and information as per my requirements.

I express my heartiest gratitude to all the people of the villages and municipalities, as well as the tourists of Digha beach resort centre in my study area where I have carried out my fieldworks over the years. They have not only provided information but also extended their full cooperation and help.

Personal discussion with Dr. Jatisankar Bandyopadhyay, Assistant Professor, Department of Remote Sensing and GIS, Vidyasagar University; Dr. Rabindra Nath Chattopadhyay, Former Professor, Department of Architecture and Regional Planning, IIT, Kharagpur and Dr. Malay Mukhopadhyay, Professor, Department of Geography, Visva-Bharati University for the extensions of my research activities and I extend my heartiest gratitude to all of them.

It is also acknowledged to all the faculty members of the Department of Geography, Vidyasagar University for their help and suggestions during the laboratory uses of the department. I find it important to thank all the staff of the Library, Administrative section and Academic section of Vidyasagar University for extending help in various ways.

Finally, I am pleased to everyone, who has encouraged me to fulfil the dream of my research work in due time.

Vidyasagar University
