Table 2.1 Existing attractions of the different coastal tourist destination Sites for the development of Ecotourism potentiality.....	33
Table 2.2: Potential values for the Ecotourism destinations sites.....	38
Table 2.3: Summary of cluster based potential data of the Ecotourism destinations sites.....	42
Table 3.1: Assessment of (ESW) Indicator for the Study Beaches.....	52
Table 3.2: Assessment of (CL) Indicator for the Study Beaches.....	52
Table 3.3: Assessment of (SH) Indicator for the Study Beaches.....	53
Table 3.4: Assessment of (TC) Indicator for the Study Beaches.....	54
Table 3.5: Assessment of (Sft) Indicator for the Study Beaches.....	55
Table 3.6: Assessment of (CS) Indicator for the Study Beaches.....	56
Table 3.7: Assessment of (SF) Indicator for the Study Beaches.....	58
Table 3.8: Assessment of (HH) Indicator for the Study Beaches.....	59
Table 3.9: Final BQI (Beach Quality Index) value of the study Beaches.....	69
Table 3.10: Possible management proposals for improving Beach Quality in the study Beaches.....	70
Table 4.1: Precipitation variable rating system for Tourism Climate Index (TCI).....	76
Table 4.2: Sunshine variable for Tourism Climate Index (TCI).....	76
Table 4.3: Wind speed variable for Tourism Climate Index (TCI).....	77
Table 4.4: Tourism climate index numerical values and Descriptive category of climatic comfort	77
Table 4.5: TCI value for Monthly variation (30days) in the Coastal Destination sites.....	77
Table 4.6: Category of climatic condition of the destination sites.....	78
Table 4.7 Hotel survey record of Mandarmani and Bakkhali in the peak season.....	89
Table 4.8: TCI value for Monthly variation (1-15days) in the Ecotourism Destination sites.....	90
Table 4.9: TCI value for Monthly variation (16-30days) in the Ecotourism Destination sites.....	91

Table 4.10: Characteristic of the different season.....	94
Table 5.1: Internal factor evaluation matrix (IFEM) of Mandarmani.....	100
Table 5.2: Internal factor evaluation matrix (IFEM) of Dadanpatrabar.....	101
Table 5.3: Internal factor evaluation matrix (IFEM) of Rasulpur.....	102
Table 5.4: Internal factor evaluation matrix (IFEM) of Nayachar Island.....	102
Table 5.5: Internal factor evaluation matrix (IFEM) of Mandirtala.....	103
Table 5.6: Internal factor evaluation matrix (IFEM) of Benubon.....	103
Table 5.7: Internal factor evaluation matrix (IFEM) of Gangasagar.....	104
Table 5.8: Internal factor evaluation matrix (IFEM) of Frejerganj.....	105
Table 5.9: Internal factor evaluation matrix (IFEM) of Bakkhali.....	105
Table 5.10: Internal factor evaluation matrix (IFEM) of Henry's Island.....	106
Table 5.11: External factor evaluation matrix (EFEM) of Mandarmani.....	107
Table 5.12: External factor evaluation matrix (EFEM) of Dadanpatrabar.....	108
Table 5.13: External factor evaluation matrix (EFEM) of Rasulpur.....	109
Table 5.14: External factor evaluation matrix (EFEM) of Nayachar Island.....	110
Table 5.15: External factor evaluation matrix (EFEM) of Mandirtala.....	110
Table 5.16: External factor evaluation matrix (EFEM) of Benubon.....	111
Table 5.17: External factor evaluation matrix (EFEM) of Gangasagar.....	112
Table 5.18: External factor evaluation matrix (EFEM) of Frejerganj.....	113
Table 5.19: External factor evaluation matrix (EFEM) of Bakkhali.....	114
Table 5.20: External factor evaluation matrix (EFEM) of Henry's Island.....	114
Table 6.1: Sustainable indicators value for the Coastal destinations.....	125
