## Resolutions:

1. In response to the report on biosafety issues, DC made the following observations:

- i) A biosafety committee should be constituted in department/University following the DBT norms.
- ii) A weeklong awareness training program on biosafety issues is to be organized by the department/University, and for this financial assistance is needed from the University.
- iii) Dept willing to establish isolated culture room and storage room. For the same dept needed financial and infrastructure facility from University.

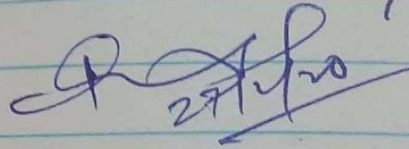

HOD is requested to send a letter to the Dean, Science with this observations.

2. DC extensively discussed the prayer of Ms. Manjira Chatterjee regarding her PhD work. None of the faculty interested to supervise her considering her past record. She may use the departmental infrastructure for her PhD work under the supervision of any other faculty in the University.

3. Regarding the implementation of DST-FIST program, DC opine that the name of the faculties ~~with~~ of other department whose names were mentioned during FIST-proposal submission may be ~~not~~ displayed as associated/ad-hoc faculties ~~of~~ in the departmental website. This will be helpful for getting prestigious grant like

4. DC resolved that ; PG - project work of M.Sc. & students of other institute will carry their work under the guidance of Prof R. C. Mondal and Dr. N. Ghosh.
